I. Ormiston Academies Trust Statement of Intent

Ormiston Academies Trust (OAT) is a multi-academy sponsor responsible for a network of primary and secondary schools across the country. We are committed to ensuring the health, safety and wellbeing of our staff, students, contractors, visitors and others who may be directly affected by our activities. We strive to be the benchmark of health & safety good practice across all sectors in which OAT operates.

In accordance with OAT Governance: Schemes of Delegation, the Trustees will be accountable for:

- Instituting a health and safety policy
- Determining, on an annual basis, those policies which will be developed by OAT and mandatory for all OAT academies
- Making available to academies, on an annual basis, copies of all current policies and procedures and a schedule for their review, to review and update policies where allocated to the academy
- Checking that health and safety regulations are followed

Academies are responsible for:

- Ensuring that health and safety regulations are followed
- Implementing health and safety policies and procedures

In order to achieve this, we will ensure:

- Effective health and safety management systems are established and embedded throughout our organisation
- Provision of a productive and safe learning environment
- The setting, monitoring and management of health & safety performance against clear goals and objectives
- That suitable allocation of resources is provided to ensure effective health, safety and risk management
- Maintenance of safe systems of work and safe plant and equipment
- Provision of information, instruction, training and supervision as necessary
- Identification and assessment of hazards and risks and the allocation of adequate resources to implement effective control measures
- Provision of competent health & safety advice for all employees and associates
- Joint consultation with employees on health & safety matters
- Provide clear and regular communication around our health & safety performance

CEO: Nick Hudson

Director of Estates: James Miller

2. Academy Health & Safety Policy

At Ormiston Endeavour Academy we are committed to the health and safety of our staff, pupils and visitors. Ensuring the safety of our community is of paramount importance, and this policy reflects our dedication to creating a safe learning environment.

We are committed to:

- Providing a productive and safe learning environment
- Preventing accidents and any work-related illnesses
- Compliance with all statutory requirements
- Minimizing risks via assessment and policy
- Providing safe working equipment and ensuring safe working methods
- Including all staff and representatives in health and safety decisions
- Monitoring and reviewing our policies to ensure effectiveness
- Setting high targets and objectives to develop the academy's culture of continuous improvement
- Ensuring adequate welfare facilities are available throughout our school
- Ensuring adequate resources are available to address health and safety issues, so far as is reasonably practicable
- Safe arrangements for the handling, storage and transportation of any articles and substances
- Supervision, training and instruction so that all staff can perform their duties in a healthy and safe manner
- Where necessary, protective equipment and clothing, along with any necessary guidance and instruction.

3. Responsibilities

a. Responsibilities of the Governing Body

The governing body, in consultation with the Principal, will:

- Ensure effective communication with Ormiston Academies Trust on matters of health and safety and provide assurances to the trust on a routine basis
- Ensure familiarity with the responsibilities and requirements of any appropriate legislation
- With support from Ormiston Academies Trust, create and monitor a management structure for health and safety in the academy
- Ensure there is a policy for health and safety, and that the policy is implemented by all
- Periodically, with assistance from Ormiston Academies Trust, assess the effectiveness of the policy and ensure any necessary changes are made
- Identify key risks relating to possible accidents and injuries, and ensure they are adequately controlled, as to prevent them occurring
- The Regional Director will be the point of contact for dealing with any critical incidents in the region

b. Responsibilities of the Principal

The Principal has the overall responsibility for the day-to-day development and implementation of safe working practices and conditions for all staff, pupils and visitors. The Principal will take all reasonably practicable steps to ensure the Health and Safety Policy is implemented by the heads of the appropriate departments and other members of staff. The Principal will designate an Academy Safety Officer (ASO) who will implement day-to-day health and safety practices. The principal will ensure appropriate communication with staff and will ensure the formation of a H&S committee.

Relating to safeguarding to ensure that:

- Policies relating to evacuation and to the response to critical incidents are in place, in date and communicated within the academy
- Records of medical incidents are kept and are available to view and that a sufficient number of colleagues are first-aid trained
- Security arrangements regarding the academy's grounds, premises and facilities are fit for purpose

c. Duties of the Academy Safety Officer (ASO)

The ASO has delegated authority from the Principal but ultimate responsibilities rest with the Principal and board of Governors.

The ASO is tasked with:

- Giving sound competent advice to staff, the Principal, the board of Governors and others as requested
- Ensuring appropriate permits are used when deemed necessary by the risk assessment
- Ensuring adequate assessment and provision for visitors who may be impacted by our undertakings
- Ensuring adequate assessment, provision and cooperation with contractors, as to minimize the risks
- Assisting others in the production of suitable and sufficient risk assessments
- Ensuring that accidents and incidents are appropriately recorded and investigated
- Providing regular benchmarking and assurance on the status and provision of health and safety within the school to the Principal, board of Governors and Ormiston Academies Trust
- Ensuring appropriate maintenance and testing of the fire alarm systems and fire safety management systems (which includes relevant weekly and termly checks)
- Alongside the Principal, being a figurehead and champion for health and safety within the academy

d. Duties of department heads, supervisors and other managers

- Supervisory staff will be familiar with the requirements of health and safety legislation and their person responsibilities as a person who is directing and supervising staff
- In addition to general duties, supervisory staff will be responsible for the implementation and operation of the academy's Health and Safety Policy in their department, and for areas of responsibility delegated by the Principal
- Supervisory staff are responsible for adhering to the aspects of health and safety that are outlines in their job descriptions
- Supervisory staff will take a keen interest in the Health and Safety Policy and assist in ensuring all staff, pupils and visitors comply with its requirements

e. Duties of all members of staff

All members of staff will:

- Take reasonable care of their own health and safety, and that of others who may be affected by what they do at work
- Cooperate with their employers on health and safety matters
- Carry out their work in accordance with training and instructions
- Inform the employer of any work situation representing a serious and immediate danger, so that remedial action can be taken
- Ensure that all staff, pupils and visitors are applying health and safety regulations and adhering to any rules, routines and procedures in place
- Ensure all machinery and equipment is in good working order and safe to use, including adequate guards. They will also not allow improper use of such equipment
- Use the correct equipment and tools for the job and any protective clothing supplied
- Ensure any toxic, hazardous or flammable substances are used correctly, and stored and labelled as appropriate
- Report any defects in equipment or facilities to the designated academy safety officer
- Take an interest in health and safety matters, and suggest any changes that they feel are appropriate
- Exercise good standards of housekeeping and cleanliness
- Adhere to their common law duty to act as a prudent parent would when in charge of pupils

f. Obligations of contractors

When the academy is used for purposes not under the direction of the Principal, then, subject to the agreement of the academy, the principal person in charge of the activities will take responsibility for safe practice in the areas under their control. The building and general responsibilities for onsite health and safety remain with the principal, as the primary occupier.

Contractors working on the academy premises are required to identify and control risks arising from their activities and to share this information with the academy in advance of work starting. Contractors will inform the principal or ASO of all potential risks to staff, pupils and visitors.

g. Pupils

Pupils will:

- Exercise personal responsibility for the health and safety of themselves and others
- Dress in a manner that is consistent with safety and hygiene standards
- Respond to the instruction of any member of staff, given in an emergency
- Observe the health and safety rules of the academy
- Not misuse, neglect or interfere with items supplied for their, and other pupils', health and safety.

4. Local Arrangements

This section includes a range of hazards, for which the academy will ensure suitable arrangements are in place to minimize risk, as far as reasonably practicable. Additional policy, arrangements, procedures or guidance may be implemented as a supplement, as is deemed necessary.

a. Asbestos Management

Ormiston Academies Trust will take all necessary steps to avoid the possibility of uncontrolled release and exposure. The arrangements in place will be in accordance with statutory guidance and advice.

b. Water Safety (legionella)

Sources of risk from legionella on the site should be identified and all necessary steps taken to avoid the possibility of infection by carefully controlling water supplies and associated infrastructure. The arrangements in place will be in accordance with statutory guidance and advice.

c. Fire Safety

In line with the Regulatory Reform (Fire Safety Order) 2005, appropriate procedures for ensuring that safety precautions are properly managed will be put in place. These procedures will include fire drills, the appointment of designated fire marshals, and the provision and use of fire extinguishers. A fire risk assessment will be undertaken and implemented for the premises. A premises information box will be maintained, as to provide critical information to the emergency services.

The evacuation procedure will be prominently displayed. All staff must be fully conversant with the procedures for evacuation of the premises in cases of fire and other emergencies. Evacuation procedures will be tested termly and will be timed. The evacuation and safety of visitors and contractors will be the responsibility of the person who they are visiting or working for.

All fire-fighting equipment will be checked annually by an approved contractor and records maintained. The fire alarm will be tested weekly from different points, and records maintained. All emergency lighting will be tested six-monthly and records maintained.

d. First Aid

First aid can save lives and prevent minor injuries becoming major ones. Under Health and Safety legislation, employers have to ensure that there are adequate and appropriate equipment and facilities for providing first aid in the workplace. The ASO is tasked with ensuring adequate assessment and provision of first aid facilities.

e. Accident Reporting and Investigation

All accidents, incidents and near misses involving staff and visitors will be reported to OAT via the OATnet online 'Accident Book'. OAT will use the reports to monitor accident trends across the organization, and to inform decisions on any further investigation to be taken following an accident/incident/near miss.

Under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, certain accidents must also be reported to the Health and Safety Executive. The responsibility for reporting rests with head office, who will share this information back to the academy.

All accidents will be investigated in a manner which is proportional to the event, and the findings recorded.

f. Risk Assessment

In accordance with The Management of Health and Safety at Work Regulations (MHSWR) 1999, suitable and sufficient risk assessment will be made for all workplace activities. These assessments will be signed and authorized by a responsible manager. Risk assessments will be reviewed on a regular basis, or when the work activity changes; whichever is soonest. Staff will be made aware of any changes to risk assessments relating to their work.

Areas where risk assessment shall be carried out include (but are not limited to):

- Control of Substances Hazardous to Health (CoSHH)
- Manual Handling
- Working at Height
- Lone Working
- Display Screen Equipment (DSE)

- New and expectant mothers
- Young person's working
- Educational visits
- Stress

g. Safe Systems of Work (SSoW)

To ensure some types of work (such as working at height or working in confined spaces) are carried out safely, safe systems of work will be prepared, detailing how the work should be carried out. These will be used along with the relevant risk assessment to ensure all potential hazards are identified, and details made available on how to conduct the work as safely as possible. For other work activities, lesson plans and/or procedures should be prepared.

h. Equipment

Personal Protective Equipment will be provided where identified by risk assessment. PPR must be stored in the appropriate storage containers and areas.

i. Hazardous Materials

Hazardous materials must be used and stored in accordance with the risk assessment and SSoW. It is important to ensure that materials are stored in a suitable and safe location that is not accessible by pupils.

j. Driving for work

Those who drive for work (including the use of academy mini-buses and any hire cars) must ensure they are authorised to drive on behalf of the academy. Copies of driving licenses will be taken and the academy must be notified of any offences, penalty points or disqualifications. The academy will produce a risk assessment for driving which must be adhered to.

k. Health

Ensure the health of our staff is important to us, we will ensure adequate provision for the health and wellbeing of our staff. Staff members who have health conditions that could impact on their work or health at work, are asked to confidentially inform the academy, who can then ensure adequate personal risk assessment.

l. Field trips and other site off activities

All field trips and off site activities will be the subject to suitable and sufficient risk assessment, prior to the trip and must be signed and authorized by a responsible manager.

m. Information and Training

Health and safety induction training will be provided and documented for all new employees and the requirements of this policy will be brought to their attention. Principals, with the support of the ASO are responsible for identifying individuals or groups who require training and for ensuring adequate provision. Training records will be kept by the academy and regular refresher training provided.

Each member of staff is responsible for bringing to the attention of their departmental line manager their own personal needs for training. Employees have a responsibility not to undertake duties unless they are confident they have the necessary competence and training.

n. Contractors, Visitors and Third parties

All contractors, visitors and third parties must report to reception, where they will be asked to sign the visitor register. All contractors, visitors and third parties should be made aware of relevant health and safety procedures. No contractor may undertake work on site without permission from the principal or ASO.

Contractors are responsible for the health and safety of their employees and for their safe working practices. Contractors will be required to assess the risks to anyone who might be affected as a result of their work.
