Glossary:

This procedure applies to academy based teachers. Unless otherwise indicated the following terms are interchangeable:

Teacher – applies to qualified teachers

principal – applies to principal or line manager

Governors – applies to members of the academy's governing body

Appeal governors – applies to members of the academy's governing body

1.0 Introduction

- 1.1 This procedure has been adopted by the governing body of Ormiston Endeavour academy on 05 December 2017 for the purposes of managing capability of teachers.

2.0 Purpose

The purpose of this procedure is to detail arrangements which will apply when teachers fall below the levels of competence that are expected of them and provide a framework that support teacher in such cases to improve performance. There is a commitment by the academy to treat individuals with fairness throughout the process.

- 2.1 This policy is not intended to address issues of willful under-performance; these cases should be addressed using the disciplinary procedure, nor should it be applied to cases of unsatisfactory performance due to absence which should be dealt with using the absence management policy.
- 2.2 The formal capability procedure, applies only to teachers (including the principal) where there are serious substantiated concerns about performance that the appraisal process has been unable to address through either the day-to-day discussions about performance/issues with line managers, or the appraisal process.

The procedures set out in this policy seek to ensure that this is achieved in a fair equitable and transparent way.

The Governing Body/Trust recognises its responsibilities under relevant legislation including the Equality Act 2010, the Employment Relations Act 1999, the Part-time workers (Prevention of Less Favourable Treatment) Regulations 2000, the Fixed-Term Employees (Prevention of Less Favourable Treatment) Regulations 2002, The Employment Rights Act 1996, The Employment Act 2002, The Employment Act 2002 (Dispute Resolution) Regulations, and will ensure that all pay related decisions are taken equitably and fairly, in compliance with statutory requirements.

3.0 Considerations

- 3.1 If sickness absence appears to have been triggered by the commencement of formal capability procedures, the case will be dealt with in accordance with the supporting attendance policy and the employee will be referred immediately to occupational health service. Having sought advice from occupational health service monitoring for example evidence gathering and/or formal procedures may continue during a period of sickness absence.
- 3.2 Due to the formal nature of capability meetings, all meetings held under this policy will be arranged with a minimum of 5 working days' notice and with the right to be accompanied by either a work colleague or trade union representative. A record will be kept of all formal meetings.

Capability procedure

The purpose of the capability procedure is to improve performance through support and monitoring and applies to teachers, excluding NQT's who have their performance managed through the induction process, when there are serious concerns with regard to performance against the relevant standards which have failed to be addressed through the appraisal process. If the application of this procedure fails to secure sufficient progress it may lead to dismissal.

4.0 Capability Overview

4.1 It is expected that the capability process will take no more than one term (i.e. thirteen weeks) however each review period should be no less than four weeks to allow improvements to be made. An overview of the process and timescales can be found in appendix I.

4.2 In cases other than where there are very serious concerns substantiated by evidence about performance, it is expected that support will have been provided under the appraisal process prior to moving to formal capability procedures.

5.0 Notification of formal capability meeting

5.1 As with all formal meetings held under this procedure, at least five working days' notice will be given in writing of the formal capability meeting. This will contain sufficient evidence regarding the concerns about performance, copies of evidence of these concerns and their possible consequences, to enable the teacher to prepare.

5.2 Advice from OAT HR is available in these cases.

5.3 At all meetings, the teacher may be accompanied by either a work colleague or a trade union representative and should be encouraged to seek support.

6.0 Formal capability meeting

6.1 This meeting will be conducted by the principal or formally nominated member of the senior leadership Team at the direction of the Principal (or the Regional Director in the case of principal capability).

6.2 The first stage of the meeting allows the teacher to respond to concerns about their performance and to make any relevant representations. This may provide new information or a different context to the information/evidence already collected.

6.3 Once all representations have been heard either party may request an adjournment. During the adjournment, the person conducting the meeting will consider the information presented and make a decision on how the case will progress.

6.4 Following reviewing this, the person conducting the meeting has four options:

- I. To conclude that there are insufficient grounds for pursuing the capability issue and that it would be more appropriate to continue to address the remaining concerns through the appraisal process. In such cases, the capability procedure will come to an end. A further meeting may then be arranged under the appraisal process to reassess objectives and timescales.

2. To choose to suspend the meeting to gather more information in light of the employee's response or to give more time to consider the information. In this case a date for the reconvened meeting should be agreed.
 3. To decide that there is a need to instigate the formal capability process. In this case a formal written warning should be issued to the employee. The formal capability meeting will continue following the format at appendix 2 and seek to agree a Performance Improvement Plan (template found in 10); if agreement on this is not possible the person conducting the meeting will determine the content of the plan. In these circumstances, the PM process will stop.
 4. To decide that there is a need to instigate the formal capability process. However, if issues raised are so serious a final formal written warning should be issued. The advice of HR may be sought prior to this action. Where a final formal written warning is to be issued the meeting format at appendix 4 should then be followed and should seek to agree an appropriate Performance Improvement Plan, (template found in appendix 5 where agreement is not possible the person conducting the meeting will determine the content of the plan.
- 6.5 The outcome of this meeting will be confirmed in writing along with details of the right to appeal the decision. This letter will also inform the teacher of the matters covered during the meeting, (and where appropriate) a copy of the Performance Improvement Plan, details of the timescales and the review stage. A template letter can be found in appendix 3.
- 6.6 Appeals should be made in writing to the chair of governors (or Chief Academy Improvement Officer in the case of principal capability) within five working days of receipt of the letter confirming the warning being issued. Where the teacher submits an appeal, the process will continue whilst awaiting the outcome.
- 7.0 [Monitoring and review period following a formal capability meeting](#)
- 7.1 A performance monitoring and review period will follow the formal capability meeting, in line with the timescales outlined and will reflect the complexity and number of objectives set in the Performance Improvement Plan. Formal monitoring, evaluation, guidance and support will continue during this period.
- 8.0 [Formal review meeting](#)
- 8.1 On conclusion of the monitoring and review period the Teacher will be invited to a formal review meeting to review their progress and improvement. If the Teacher was issued with a final written warning initially they will be invited to a final review meeting.
- 8.2 Appendix 6 details the points to be addressed during this meeting.
- 8.3 After reviewing the progress made against the previously agreed targets, a decision should be made as to whether sufficient improvement has been made. There are two possible outcomes:
- I. If the reviewer is satisfied that the teacher has met the targets or made sufficient improvements/progress set out in the Performance Improvement Plan, the capability procedure will cease and the appraisal process will re-start. This decision should be confirmed in writing (appendix 7).

2. If the targets in the Performance Improvement Plan have not been met during the monitoring and review period, the teacher will receive a final formal written warning.
- 8.4 Where a final formal written warning is issued, the teacher will receive written information about the further monitoring and review period and informed in writing that failure to meet the Performance Improvement Plan, within the set timescale, may result in dismissal. This monitoring period should be determined with consideration to the targets set in the Performance Improvement Plan. This should be a minimum of four weeks to allow sufficient time for improvements to be made.
 - 8.5 The teacher is given the right of appeal against the final formal written warning; this should be made in writing to the chair of governors (or director of education for principals) within five working days of receipt of the letter confirming the warning being issued.
- 9.0 **Final monitoring and review period**
 - 9.1 Following the final monitoring and review period, a final review meeting will be held, employees should be given five working days' notice of this meeting along with the right to be accompanied at the meeting by a work colleague or trade union representative.
 - 9.2 This meeting will follow the format for the formal review meeting as described in appendix 6.
 - 9.3 After reviewing the progress made against the previously agreed targets, a decision should be made as to whether the Performance Improvement Plan targets have been made or sufficient improvements/progress have been made, there are two possible outcomes:
 1. If performance improvement plan targets have been achieved during the further monitoring and review period, the capability procedure will end and the appraisal process will re-start. This decision should be confirmed in writing.
 2. If performance improvement plan targets have not been met consideration will be given as to whether the teacher should be dismissed on the grounds of capability.
 - 9.4 The outcome of this meeting will be confirmed in writing.
- 10.0 **Decision meeting**
 - 10.1 The teacher will be given a minimum of ten working days' notice of the decision meeting and will be given copies of any documentary evidence to be referred to during the meeting. Employees should be informed that any documentation they wish to refer to during the meeting should be sent to the chair of the decision meeting panel no later than two working days before the meeting.
 - 10.2 The decision meeting panel should consist of three governors however one panel member can be the Principal as long they have had no previous involvement in the capability process. The meeting should follow the format in appendix 8.
 - 10.3 There are three potential outcomes for the decision meeting:
 1. That the panel determine that performance of the teacher, in relation to the targets stated in the performance improvement plan, have been met, therefore the teacher should remain in post and resume their role in the normal appraisal process.

2. That the panel determine that performance of the teacher, in relation to the targets stated in the Performance Improvement Plan have not been met due to exceptional circumstances and as such progress toward meeting those targets will be reviewed again after an agreed period.
3. That the panel determines that the teacher has failed to make sufficient improvement meet the national standards expected in relation to the targets set in the Performance Improvement Plan and that the teacher should be dismissed, as the teacher has failed to demonstrate their capability to attain that standard in this academy.

10.4 If a decision to dismiss has been taken, the teacher will receive appropriate notice.

11.0 **Appeal**

11.1 A teacher has the right of appeal against their dismissal. Any appeal should be in writing to the clerk of governors within ten working days of receiving the letter confirming the decision, stating the grounds for appeal.

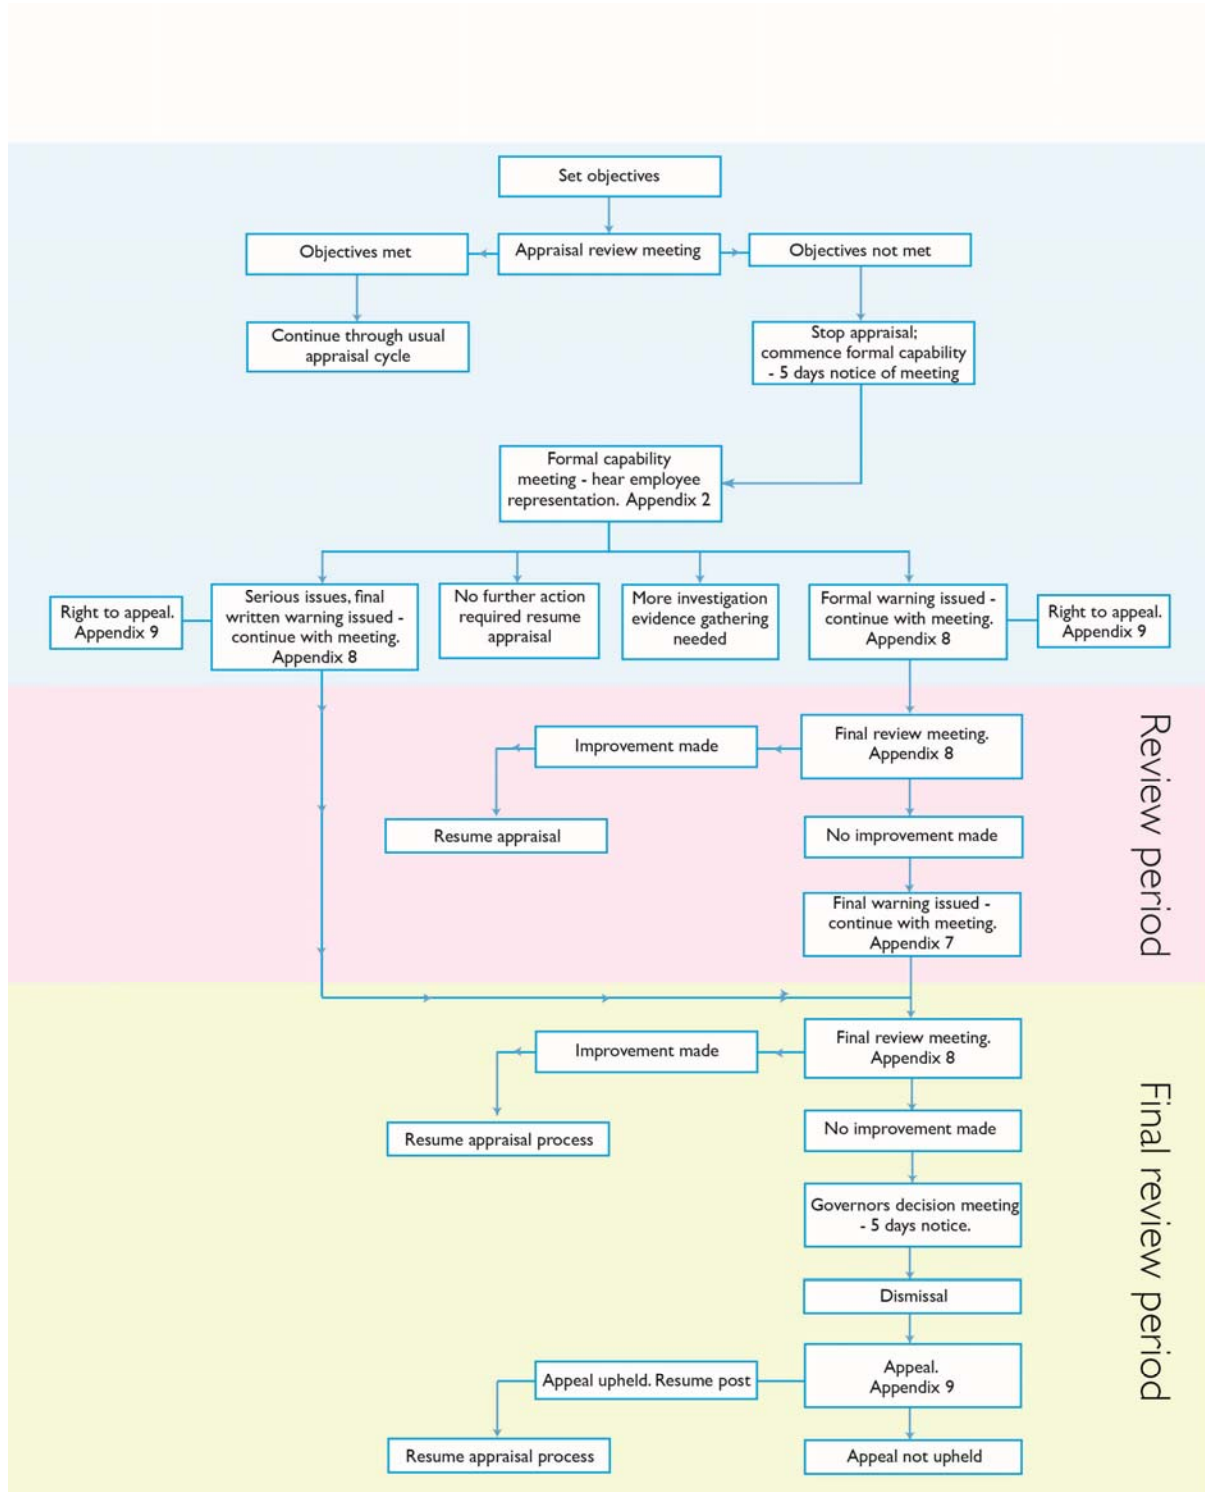

11.2 Appeals will be heard without unreasonable delay and will be heard by three governors who have not previously been involved in the case. The meeting will take the format as describe in appendix 9.

11.3 The teacher will be informed in writing of the outcome of the appeal hearing as soon as possible.

11.4 There is no further recourse for appeal under this procedure.

Guidance Note: Conducting a formal capability meeting

- Advise the teacher of nature of the meeting and that they have the right to be represented.
- Ensure the teacher is provided with a copy of this policy, if not already provided.
- Give clear feedback to the teacher about the nature and seriousness of the concerns
- Ensure the teacher has the opportunity to respond, provide reasons/explanation for the performance shortfall.
- Ask the teacher if there are any underlying issues that may impact on performance, e.g. health, issues outside work etc. If health is a concern advise the teacher that you will arrange an appointment with Occupational Health.
- On hearing all representations either party may request an adjournment to consider information presented (refer to 13.4, Part B). Following this there are four options:
 1. *To conclude there are insufficient grounds to pursue capability and therefore cease capability and resume appraisal process.*
 2. *Suspend the meeting to gather more information*
 3. *To instigate formal capability and issue a formal written warning – follow this format of remainder of meeting.*
 4. *To instigate formal capability however due to seriousness of concerns issue a final formal written warning. Refer to Appendix 9 for format of remainder of meeting.*

If continuing formal capability and issuing a formal written warning:

- Advise the teacher that they are being issued with a formal warning under this policy, and that this will be confirmed in writing.
- Advise the teacher member that they have the right of appeal against the formal warning, and that details of the appeal process will be confirmed to them in writing.
- Agree any support (e.g. coaching, mentoring, structured observations), that will be provided to help address those specific concerns, performance measures and timescales. Agree interim review meetings if appropriate.
- Advise the teacher that if performance doesn't meet the required level within the review period they may be issued with a final written warning, and that ultimately the capability process can lead to dismissal.

Dear XXXX,

Outcome of meeting– (formal/final formal) capability review

Thank you for attending the meeting on XXX at which you chose/chose not to be accompanied by your Union representative XXXX to discuss your performance. This meeting was held in accordance with the capability procedure for teachers.

At the meeting, I explained to you that the purpose of the meeting was to review the progress since our initial meeting/first formal review meeting that took place on XXXX. At this meeting, an action plan of specific performance targets was provided to you in order to help you address those issues and enable you to perform to the required standards.

We reviewed those targets as set out within the agreed action plan which are summarised below;

i. *Insert summary of performance improvement support plan*

You responded to the review stating xxxxxxxx *(insert summary of response)*

Following consideration of the points raised I concluded that *(delete as appropriate)*

- a) *That you have made sufficient improvement over the review period, as such the capability process will now end and you will resume the usual appraisal process. As discussed in the meeting any remaining issues (insert detail of issues) will now be addressed using additional objectives and support in the appraisal process.*

It is important however that these improvements are sustained, failure to sustain the required level of performance may result in you re-entering the capability process.

- b) *That you have made insufficient/no progress against the agreed targets, as such you are issued with a final formal warning.*

You have the right to appeal this decision, appeals should be made in writing to the chair of governors within ten days of receiving this letter, stating your reasons for appeal.

In light of this decision I then explained you will be subject to a further monitoring period of XX weeks (minimum 4). During this period, you will receive the support as agreed in your revised Performance Improvement Plan and will be assessed against the agreed targets. A copy of the revised plan is enclosed.

Following this period, you will be reviewed again. Failure to make sufficient improvements during this review period will result in your case being referred to governors for a decision to be made on your ongoing employment.

- c) *That you have made little/no improvement against agreed targets. As you have previously received a final formal warning regarding your capability your case will now be referred to governors for a decision to be made on your ongoing employment. You will receive a letter inviting you to this meeting in due course.*

(Delete as appropriate) I am pleased that you have been able to make these improvements and hope that you will be able to sustain these and develop further. Should you require any ongoing support please do not hesitate to contact me.
