Mobile Phones

We would like to remind parents of the Academy's protocols for mobile phones.

- All phones must be switched off before entering the school site and remain off at all times until students leave the site at the end of the day.
- If a student's phone is seen, it will be confiscated and placed in the Academy safe until a parent or designated adult collects. It is important to note that students will not have their phone returned, so if they require it to make their journey home then they must ensure it is off and away throughout the Academy day.
- Students must not use their phones to contact parents during the Academy day. If there is a reason for contact to be made this will be done through the Academy office. Students doing so risk sanctions for failing to adhere to Academy expectations.

Relationship and Sex Education Policy Parent Consultation

As part of the Government guidance (2019), we are required to consult parents about our Relationship and Sex Education (RSE) policy and RSE provision to help develop an effective programme of Relationships and Sex Education. To view our current RSE policy, please follow the link [here](#). If you have any thoughts, questions about the policy or ideas on how to improve our RSE provision, please contact Mrs Pettit (l.pettit@oeacademy.co.uk).

Student Equipment

This week we have reminded students that the following items of equipment are needed in school every day. Please try to ensure your child brings them – they can make great stocking fillers!

- Pen (black or blue ink)
- Pencil
- Ruler
- Rubber
- Calculator
