Dear Parent / Guardian,

### **Enrichment Day, 25<sup>th</sup> October 2025**

As part of our enrichment offer at the academy, this year we are introducing enrichment days into the calendar. The days are designed to allow students opportunities outside of the traditional curriculum to experience different ways of working and visit new places.

In October we are offering a range of activities to Year groups (listed below). Activities in-school are provided with no additional cost. The cost of external visits is indicated below. If you would like your child to take part in a visit, please sign up on ParentMail from 5pm on Monday 16<sup>th</sup> September. All activities will be filled on a first come, first served basis. Staff running the visit will then be in touch with further details about the day. All in-school activities will be running from 8:30am – 3pm. Students who remain in school will be allocated to an activity and, where there is a choice available, will have the opportunity to select their preference nearer the day. Payments for external visits will be due by 16<sup>th</sup> October; please contact the academy if there are circumstances that make it difficult to pay for an external visit.
